The ARA Exposition

is your best opportunity to build relationships with suppliers, share innovations and important new trends and discover state-of-the-art technologies. It is the most dynamic, comprehensive display of products, services, and development in the automotive recycling industry! Exhibits include cutting-edge technologies and business practices that put you a step ahead of your competition. The ARA Exposition is one of the most inspiring, vital aspects of the Annual Convention. It is a powerful tool for you to network, identify important new trends and stay current on automotive recycling business and management issues. See many of your current suppliers – and uncover new business opportunities – at this premier showcase.
